COMPANY OVERVIEW:

Quality Management Services is a Native-American minority owned business founded in 1996. Quality Management Services specializes in administrative support, records management, document scanning and data management to help commercial and government clients reduce costs, operate at optimum performance and access the information needed for daily and long-term productivity. The success of our company is attributed to our personnel, quality, service and responsiveness to every project. As taxpayers, we are committed to servicing all governmental agencies in a consistent fashion which keeps all U.S. Citizen taxpayers in the forefront of our approach, planning and execution.
